

**REMARKS**

Claim 28 has been amended pursuant to a proposal made by the Examiner during a telephone discussion, and in a fax on June 25, 2010.

Claim 28 as amended recites that the reinforcement exhibits a continuously changing curve protruding over the entire width of the front surface, and further incorporates the recitations of claim 24.

New claims 29-38 correspond to claims 15, 17-20, 22-23 and 25-27, respectively.

Based on the telephone discussion, all claims are submitted to be allowable over the art of record.

In view of the foregoing amendments and remarks, Applicants submit that the present application is now in condition for allowance. An early allowance of the application with amended claims is earnestly solicited.

Respectfully submitted,
